

Dear Parent/Caregiver

RE: Transport for Students with Special Needs 2026

The Department of Logistics and Infrastructure (DLI), in conjunction with Department of Education and transport providers administer Special Needs Transport assistance to approximately 400 students in the Northern Territory every year.

To ensure transport services are provided to students at the start of the school year, all students requiring transport in 2026 need to complete and submit the Request for Special Needs Transport form to their school.

The 2026 Request for Special Needs Transport package is attached. All sections of the request are to be completed and returned to your child's school before Friday 28 November 2025. Incomplete requests cannot be processed.

Any forms received after the 28 November 2025 may result in your application being delayed in 2026.

Should your child not require transport assistance in 2026 please advise your school as soon as possible.

We appreciate your cooperation and look forward to continuing to provide a safe, friendly and efficient service for 2026. If you require any further information regarding the transport service, please contact the transport coordinator at your child's school.

Copies of the Transport for Students with Special Needs Policy, Guidelines & Frequently Asked Questions can be found at
